What is PartnerUP App?

PartnerUP App is a free business networking application for iOS that serves as a tool to distinguish your strengths based on a 10-question assessment test.

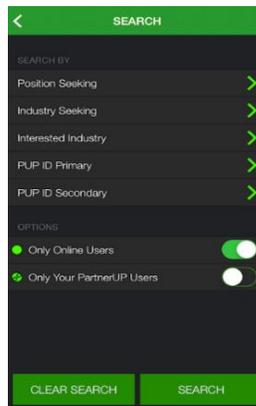

Once you install the app a user will login, choose an Industry, interested industries, and select a position:

- Intern
- Employee
- Partner
- Investor
- Mentor
- Contractor

Once you complete the test you are able to view your results and match with people inside the PartnerUP App network that best fit your strengths.

What does the Assessment Test do?

PartnerUP App determines your strengths from two out of the four possible PartnerUP App identities. Once the test is completed you may search and connect with others who compliment your identity inside a 30-mile radius.
